

Work Environment Policy

“Respect and mutual trust”

Work environment issues are an integrated part of the daily activity. LEAX's fulfils all legal requirements, rules, regulations and where applicable contractual labour agreements.

LEAX work continuously to be a good example for other interested parties.

Most attractive employer

We want to provide a safe, stimulating and healthy work environment, physically, psychologically and socially. We strive to be the most attractive employer in our business area by inspiring and challenging our employees through continuous improvements.

Prevent Illness & Injury

Leaders and staff within LEAX Group work collaboratively and systematically to achieve a safer and healthier work environment through risk analysis and providing opportunities to wellness activities.

Safe & Healthy workplaces

Together we design and operate our facilities in a manner that considers safety, health and well-being of our employees. We inform about potential risks and duty to comply with LEAX's policy through training of employees, in projects and in contact with contractors and visitors.
